The Best of NYC — Fastest and Most Reliable

Blackie Pagano / Tubesville listing from The Village Voice annual Best of NYC issue.

DATE	OCTOBER 4, 1999
PUBLICATION	THE VILLAGE VOICE
SECTION	THE BEST OF NYC
ENTRY	FASTEST AND MOST RELIABLE

Tubesville's Blackie Pagano has a thing for all things shiny and silver — the building's facade glistens like the chrome guts of the tube amps and hi-fi stereo equipment that litter the space inside. Pagano is a rock 'n' roll nurse, and Tubesville is where he performs open amp surgery. His patients have included the amps of Lou Reed, Sheryl Crow, and Jon Spencer. Pagano averages a one-week turnaround, with a trauma unit for 24-hour rush service at an extra charge.

Local archive PDF rebuilt from the former Blackie Pagano press page. The original item was a clipped listing from a broader yearly Best of NYC feature, not a standalone profile.
